

PENNYBYRN

One trusted name. Many life-enriching choices.

Transitional Rehab

Pennybyrn Transitional Rehab

Healing for the Return Home

The short-term rehabilitation care at Pennybyrn goes beyond physical, occupational, and speech therapy. Our complete care model includes nutritious cooked-to-order meals, pain management, nursing care, social activities, and support for the transition home.

Five-Star Rating

We've consistently earned a five-star rating. This is the highest rating from the Centers for Medicare and Medicaid.

Consistent Therapists & Caregivers

Patients and families can depend on experienced, consistent therapists and clinical staff thanks to Pennybyrn's positive culture and high employee retention rate.

Satisfied Patients

In surveys, 100% of our patients said they would return to Pennybyrn if they needed similar services in the future and would recommend Pennybyrn to others.

Private Rooms

Each room has easy access to cozy living room areas and an outdoor courtyard. Private rooms are available.

Pennybyrn Transitional Rehab Services Include:

- SURGICAL AND MEDICAL RECOVERY • STROKE REHABILITATION
- ORTHOPEDIC AND JOINT REPLACEMENT REHABILITATION • IV THERAPY
- WOUND CARE • PAIN MANAGEMENT • CARE FOR TRACHEOSTOMY • TPN FEEDING
